“Next Generation” solutions in healthcare.

**CONTRAINDICATIONS:**

Known sensitivity to Arnica montana. Rarely, allergic skin reactions may occur. These effects are transient and will clear after a few days.

**WARNINGS:**

For external use only. Do not ingest and avoid contact with eyes and mucous membranes, wounds and damaged skin. If condition worsens, or if symptoms persist for more than seven days or clear up and occur again within a few days, patient should consult a doctor. If a rash develops, discontinue use until rash clears. Keep this out of reach of children and contact Poison Control Center immediately if swallowed.

**USE IN SPECIFIC POPULATIONS:**

Use in Pregnancy: No human or animal studies on the effect of SpeedGel Rx<sup>®</sup> in pregnancy have been conducted. Nursing Mothers: It is not known whether SpeedGel Rx<sup>®</sup> is excreted in breast milk.

# The Prescription Solution for Pain, Inflammation and Bruising

Physicians prescribe SpeedGel Rx® to patients who need temporary relief of musculoskeletal pain, inflammation and bruising that may be caused by sprains and strains.

The medication is a transdermal gel supplied in a metered dose applicator delivering the exact amount per dose, with every application.

The Transdermal Technology provides the delivery mechanism which allows the ingredients in SpeedGel Rx® to be transdermally delivered to the site of injury or disease.

## SpeedGel Rx®

- Decreases pain often after the first treatment
- Has no known drug interactions or adverse side effects
- Is odorless, no hot or cold sensation
