

Capability Statement

Gensco Diagnostics is a vertically integrated global organization, that operates a full-service platform for our customers. We focus on meeting our customers' near-term demand while planning their future needs on all PPE, medical consumables, Covid-19 Rapid Antigen tests as well as Molecular tests & laboratory services.

Our END-TO-END SERVICES and factory-direct relationships facilitate each transaction to be 100% transparent, making the entire purchase experience simple, safe, secure and easy.
